Please indicate in box below:

- 1) Lot line
- 2) Lot dimensions
- 3) Location of house relative to street
- 4) Desired location of meter(s), as indicated by an "X."
Meter cannot be located on structures, in an area where it will be blocked by future construction. Must be within 20 feet of the transformer.
- 5) Septic and drain field, and all other conflicts

The actual line route and location of the meter will be dictated by the location of Scenic Rivers power source. Please consult with the cooperative before installing the meter socket.
